RESEARCH

Funded Research

Principal Investigator. Does COVID-19 Have an Effect on the Prevalence and Number of Domestic Violence and Child Abuse Cases in the Kingdom of Saudi Arabia, and What Are the Impacts on Children and Their Families? King Abdulaziz City for Science and Technology (KACST), Project No. 5-20-01-500-0004, April 2020.

Research Projects

1. **Principal Investigator.** Primary Assessment of Pediatric Residents in Saudi Arabia about Child Abuse Cases: A Cross-Sectional Study (2020, in process)
2. **Principal Investigator.** Does COVID-19 Have an Effect on the Prevalence and Number of Domestic Violence and Child Abuse Cases in the Kingdom of Saudi Arabia? And What Are the Impacts on Children and Their Families? (RAC 2201172)
3. **Co-Investigator.** Change of Coagulation Profile in Vascular Anomalies Following Sclerotherapy (RAC 2201258)
4. **Co-Investigator.** Epidemiology of Vascular Anomalies in the Arab World: A Sample from Saudi Arabia (RAC 2201257)
5. **Co-Investigator.** Introducing and Applying a Stool Colour Chart in Newborn Clinics and Nurseries at KFSH&RC (RAC 2201178)
6. **Principal Investigator.** Measuring Stress of Online Interviews among New Applicants for Residency Programs During the COVID-19 Pandemic (RAC 2201173)
7. **Principal Investigator.** Retrospective Study of Subdural Hemorrhage in Infants from a Child Abuse Perspective in Saudi Arabia (RAC 2191252)
8. **Principal Investigator.** Reported Sexual Child Abuse Cases in Saudi Arabia in the Last 10 Years (RAC 2191247)
9. **Principal Investigator.** HIV in Pediatrics within Saudi Arabia (RAC 2181268)
10. **Principal Investigator.** Association Between Risk of Infection in Pediatric Patients on Sirolimus Used as Treatment of Complicated Vascular Anomalies (RAC 2181269)
11. **Principal Investigator.** Case Report: Congenital Neuroblastoma (in progress)
12. **Principal Investigator.** Child Neglect in Saudi Arabia (in progress)

13. **Principal Investigator.** Incidental HIV Infection in Children with Seronegative Parents — Other Source versus Child Abuse: A Tertiary Center Experience (in progress)
14. **Principal Investigator.** Ensuring Safety of All Patients at KFSH&RC (in progress)
15. **Principal Investigator.** Inflicted Head Injury in the Pediatric Population (in progress)
16. **Co-Investigator.** Traumatic Retinoschisis in Infants and Children (published; poster presentation, Research Day, The Hospital for Sick Children, May 2014)
17. **Principal Investigator.** Identifying, Managing and Investigating Child Abuse and Neglect: A Manual for Saudi Hospitals
18. **Principal Investigator.** Quality Improvement Project: Improving recognition and identification of child abuse cases by triage nurses and pediatric emergency physicians at KFSH&RC, with early referral to the SCAN (Suspected Child Abuse and Neglect) Team
19. **Co-Investigator.** Case Report: Chest Pain in a 12-Year-Old Boy — When Is It a Harbinger of Poor Outcome?
